

FIRE INSTRUCTIONS

Everyone is obliged to familiarize themselves with escape routes and emergency exits, the location of fire extinguishing equipment and how they work.

IN CASE OF FIRE ALARM:

- Shut all doors and windows.
- Leave the building immediately. Do NOT use the elevator.
- Assembly point: parking lot below house A and B.

IN CASE OF FIRE:

ALERT others about the fire. If the fire alarm does not go off, use a manual fire alarm. Call 110 for the fire brigade.

RESCUE the ones in need. Rescue operations shall only be carried out insofar as it does not endanger the life or health of one self or others.

EXTINGUISH the fire. Only if you see this as possible with the extinguishers available.
If not: close all doors and windows and leave the building. Do not use the elevator.

No one must enter the burning building without permission from the fire department.

**EMERGENCY NUMBER FIRE
DEPARTMENT: 110**
